

Dear Village at Copper Members:

The Village at Copper strongly endorses of the Metropolitan District's referendum to design and construct a new District Fire Station and administration facility in Copper Mountain. As you can imagine, this proposal is extremely important and beneficial for the Copper Community now and for the future.

The District Board is referring a Ballot issue to Copper Mountain voters at the November 7th election for this proposal. We strongly urge everyone to please vote in favor of the new Copper Mountain Fire Station. We have provided a factual summary and links to relative websites of this Ballot Issue on the Member's website page.

The future of Copper looks bright! Please support this proposal in order to protect and enrich our community.

Truly yours,
The Village at Copper Association
